Legacy of Kain: Soul Reaver

"5 stars: The only truly entertaining adventure game available for the [Sega] Dreamcast."

- Exclusive Sega Dreamcast™ character models and special effects
- Explore the vast 3D world of Nosgoth packed with over 40 hours of gameplay
- Shift real-time between the material and spectral planes
- Hunt 5 different tribes of murderous vampires with an arsenal of deadly hard-to-hand, projectile, and environmental weapons
- Over 100 cinematics with 45 minutes of voice-over delivering a dark, gothic story

"...the first truly massive adventure outing on [Sega] Dreamcast."

- Official Sega Dreamcast Magazine
WARNINGS  Read Before Using Your Sega Dreamcast Video Game System

CAUTION
Anyone who uses the Sega Dreamcast should read the opening manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Sega Dreamcast before the minor uses it.

HEALTH AND EPILEPSY WARNING
Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure before.

If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using the Sega Dreamcast.

In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using the Sega Dreamcast:

- Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
- Do not play if you are tired or have not had much sleep.
- Make sure that the room in which you are playing has all the lights on and is well lit.
- Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

OPERATING PRECAUTIONS
To prevent personal injury, property damage or malfunction:

- Before removing the disc, be sure it has stopped spinning.
- The Sega Dreamcast GD-ROM disc is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Sega Dreamcast console, especially not in a CD player.
- Do not allow fingerprints or dust on either side of the disc.
- Avoid bending the disc. Do not touch, smudge or scratch its surface.
- Do not modify or enlarge the center hole of the disc or use a disc that is cracked, modified or repaired with adhesive tape.
- Do not write on or apply anything to either side of the disc.
- Store the disc in its original case and do not expose it to high temperature and humidity.
- Do not leave the disc in direct sunlight or near a radiator or other source of heat.
- Use lens cleaner and a soft dry cloth to clean the disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean the disc.

PROJECTION TELEVISION WARNING
Still pictures or images may cause permanent picture tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large-screen projection televisions.

SEGA DREAMCAST VIDEO GAME USE
This GD-ROM can only be used with the Sega Dreamcast video game system. Do not attempt to play this GD-ROM on any other CD player; doing so may damage the headphones and/or speakers. This game is licensed for home play on the Sega Dreamcast video game system only. Unauthorized copying, reproduction, rental, or public performance of this game is a violation of applicable laws. The characters and events portrayed in this game are purely fictional. Any similarity to other persons, living or dead, is purely coincidental.

**POWHR SUTTON**

Press to turn the unit on or off.

**CONTROL PORTS**

Use these ports to connect the Sega Dreamcast™ controller or other peripheral equipment. From left to right are Control Port A, Control Port B, Control Port C, and Control Port D. Tomb Raider: The Last Revelation uses Control Port A.

**PROPHECY**

I Semerkhet, high priest of Horus, forewarn that he who removes the Amulet shall have released Set. He who walked abroad with the Jackals at the dawn of man shall once again violate the earth.

Set, Ruler of Evil, will again be Free at the turn of a distant Millennia. At his heel plagues and locusts.

Harvests fail under the broken skies.

And Set sayeth: "I am the shadow across the sun; I am the bringer of plagues. My wrath will consume all lands, and shall be ceaseless."

**VISUAL MEMORY UNIT (VMU)**

To save game settings and results and to continue play on previously saved games, insert a Visual Memory Unit (VMU) into slot 1 of the controller BEFORE turning on the Sega Dreamcast.

Note: While saving a game file, never turn OFF the Sega Dreamcast power, remove the VMU or disconnect the controller.
GAME CONTROLS

Never touch the Analog Thumb Pad or L/R Triggers while turning the Sega Dreamcast power ON. Doing so may disrupt the controller initialization procedure and result in malfunction. If the Analog Thumb Pad or L/R Triggers are accidentally moved while turning the Sega Dreamcast power ON, immediately turn the power OFF and then ON again, making sure not to touch the controller.

For all controllers, to return to the Title screen at any point during gameplay, simultaneously press and hold the A, B, X, Y and START Buttons. This will cause the Sega Dreamcast to soft-reset the software and display the Title screen.

Tomb Raider: The Last Revelation supports the Jump Pack vibration peripheral. When inserted into the Expansion Socket of a Sega Dreamcast controller or other compatible peripheral equipment, the Jump Pack provides a vibration effect that can considerably enhance the game play experience.

MENU CONTROLS
Use either the Analog Thumb Pad or D-Button to navigate through the Menu Screens. Use the B Button to return one level and the A Button to select throughout all menus.
Move the Analog Thumb Pad or D-Button left/right to toggle through individual category options.

MAIN MENU
Following the EIDOS/CORE FMV sequence, you will see the Main Menu. At this screen the following options are available:
NEW GAME - Join Lara on a new adventure.
LOAD GAME - Access the Saved Game screen, where you can choose to load a previously saved game.
OPTIONS - Display the Options Menu (see page 9 for details).

PAUSE MENU
Pressing START while in the game will pause the action and display the Pause Menu with the following options:
INVENTORY - Bring up the Inventory (described on page 20.)
STATISTICS - See how well you're progressing through the adventure.
OPTIONS - Bring up the Options menu with the following options:
  • Music Volume - Adjust the music volume.
  • SFX Volume - Adjust the volume of in-game sound effects.
  • Control Method - Choose between DIGITAL and ANALOG.
  • Audio Setting - Choose between STEREO and MONO.
EXIT TO TITLE - Return to the Title screen without saving your game.
RESUME - Carry on with your game.
The daughter of Lord Henshingly Croft, Lara was brought up in the secure world of aristocracy. Wanting for nothing, she was surrounded by servants, social events and high society.

Lara attended Wimbledon High School for Girls from the age of 11. Now that she was 16, her parents decided that Lara should broaden her education by studying for her "A" levels at one of England's most prominent boarding schools. An adventurous soul, Lara found the idea of being sent away from home an exciting prospect.

By chance one day Lara came across a copy of a well known adventure magazine on the hall table. The front cover featured a familiar name - Professor Werner Von Croy. A respected archaeologist, Von Croy had once lectured at Lara's school to pupils and parents alike. The experience had a profound effect on Lara, triggering a desire for travel to remote locations in search of adventure. In some ways Von Croy had become an inspirational figure for Lara.

As Lara read further, she learned that Von Croy was currently preparing for an archaeological tour across Asia, culminating in a potential new discovery to be made in Cambodia. Unable to contain herself, Lara burst into the room, thrust the article in front of her parents and without hesitation demanded she accompany Von Croy on his expedition. Lord Croft could hardly disagree that travel was an education in itself.

As Lara argued the case further, he found himself walking over to the desk and penning a letter to Von Croy, introducing himself as an influential society figure and offering financial assistance in exchange for his daughter's place on the expedition.

Von Croy's reply assured the Henshingly Crofts that the territories were friendly and that he had ample experience to look after both his and Lara's well being. Lara's company as an assistant would be welcome, as was the offer of such a generous check. He remembered Lara from his lecture - her incessant yet insightful questions had made quite an impression upon him.

And so it was agreed by all that Lara would accompany Von Croy for the rest of the tour ...

Once the game begins, listen carefully to Von Croy. His teaching and advice will prove invaluable on your travels ...

**ACTIONS**

**MOVING**

**RUNNING/SPRINTING**

Using the D-Buttons moves Lara at a running pace. Pressing Sprint (default: R 'trigger') makes her temporarily sprint. A small energy bar appears; when the bar depletes Lara will revert back to a run.

**WALKING/SIDE STEPPING**

Pressing the Analog Thumb Pad up or down makes Lara carefully walk forward or backward. Pressing it left or right makes Lara sidestep. As long as you're pressing the Analog Thumb Pad, Lara will not fall off any edge; if she walks up to an edge, she will automatically stop.

**ROLL**

Pressing Roll (default: B Button) makes Lara roll forward and finish up facing the opposite direction. This also works when Lara is underwater.

**JUMPING**

Lara can jump in any direction to evade enemies. Press Jump (default: X Button) and Lara will jump straight up into the air. Move the D-Button immediately after pressing Jump and Lara will jump in that direction.
check out our online contests at eidos.com and enter to win!

Pressing down or Roll (default: B Button) immediately after a forward jump makes Lara somersault in the air and land facing the opposite direction. This works when jumping backward by pressing up or Roll after takeoff.

SWIMMING

UNDERWATER

If Lara finds a deep pool of water, she can jump in and swim. Lara can hold her breath for about one minute; if she is still underwater after that, she'll drown.

Use the D-Buttons to move Lara in the water. Pressing Jump (default: X Button) makes Lara swim. Lara can pull levers and pick up objects underwater. Position Lara close to the object and press Action (default: A Button).

SWIMMING ON THE SURFACE

Use the sidestep actions to make Lara swim left or right when she's on the surface of the water. Pressing Jump (default: X Button) makes Lara dive under the surface again. Pressing the D-Button up while pressing Action (default: A Button) when Lara is close to an edge will make her climb out.

WADING IN SHALLOW WATER

Lara won't swim in waist-deep water; instead she wades. The controls are basically the same as when she is on dry land, except that it is slower going and she can only jump on the spot, not in a direction.
DRAWING AND FIRING WEAPONS
Press Draw (default: Y Button) to arm Lara with her current weapon. Press Action (default: A Button) to fire the weapon.

When Lara has her guns drawn, if she sees a potential target, she will lock onto it. If there are multiple enemies, tap the L1 trigger to change targets. Press Action to shoot at the selected target; tap the L1 trigger again to switch to another enemy. If Lara loses sight of the enemy, the lock-on is broken.

LOCK-ON LIMITATION
While Lara has her guns drawn, she cannot do anything that involves using her hands. These actions are described in the following section.

OTHER ACTIONS
VAULING
If Lara is faced with an obstacle that she can climb over, pressing the D-Button up while pressing Action (default: A Button) makes her vault onto it.

CLIMBING WALLS
Some walls are climbable. If Lara comes across such a surface, pressing the D-Button up while pressing Action (default: A Button) makes her jump up (if there is room) and catch handholds on the wall. She will hang on as long as you hold down Action. She can then climb up, down, left and right in the direction you press the D-Button.

Lara can climb around the edges of some surfaces. Press Jump (default: X Button) to make Lara jump backward away from the wall.

When Lara reaches the top of a ladder, she may see a small opening. Press Duck (default: R Trigger) to make Lara duck; press the D-Button to make her crawl into the gap (if she will fit).
CLIMBING POLES
Lara will come across certain poles that she can climb. Either walk up to the pole and press and hold Action (default: A Button), or run, jump and grab the pole. While climbing, keep Action pressed or Lara will let go. While Lara is on the pole, press the D-Button up or down to make Lara climb up and down, and press left or right to make her rotate around the pole. Press Jump (default: X Button) to make Lara backflip off.

CLIMBING ROPES
Lara grabs hold of ropes, rotates, climbs up and down and jumps off in the same way as when she's climbing poles. Use Sprint (default: R Trigger) to make the rope swing from side to side. Press Jump (default: X Button) to make Lara jump forward off the rope.

DUCK AND CRAWL
Make Lara duck by pressing Duck (default: R Trigger). Crawl by keeping the R Trigger pressed while using the D-Buttons to move Lara.

GRABBING HOLD OF LEDGES
If Lara is near a ledge while she is jumping, pressing and holding Action (default: A Button) makes her grab the ledge in front of her and hang there. If a wall is climbable, Lara can catch onto it anywhere (not just on ledges). Press the D-Buttons left or right and Lara will shimmy sideways and even around corners of certain surfaces. Pressing the D-Button up makes Lara climb up to the level above. Release Action and Lara will drop.

MONKEY SWING
If Lara discovers an overhead frame, she may decide to monkey swing across it. To perform this, press Jump (default: X Button to jump up to the frame, immediately press Action (default: A Button) to grab onto the frame, and while still holding Action, press the D-Button up to swing forward. Pressing the D-Button left or right makes Lara hang and rotate. Releasing Action causes Lara to release the bars.

PICKING UP OBJECTS
Lara can retrieve objects and store them in her Inventory. Position Lara in front of the object you want to retrieve. Press Action (default: A Button) and she will pick up the object. Often, enemies drop objects when they are defeated; it’s always worth checking out their bodies just in case there’s a useful object to be found. Some objects can be broken, revealing valuable pick-ups. Objects may also be placed on blocks and hidden inside walls - in this case, press Action to reach in and grab them.
USING SWITCHES/SOLVING PUZZLES

Many puzzles await Lara; these will take many unusual forms. You may simply need to flick a switch by positioning Lara near the switch and pressing Action (default: A Button). For other puzzles you may need to collect two halves of an object, combine them in the Inventory and use them as a key.

THE CROWBAR

Lara may need to pry items from walls or pry open doors. To do this she'll need a crowbar. Select the crowbar from the Inventory to use it.

USING FLARES

If Lara finds herself in the dark and has any flares in her Inventory, she can get one out and light it by highlighting the Flare icon in Inventory and pressing the A Button. Pressing the L + R Triggers simultaneously will also draw a flare.

Once Lara draws a flare, it will light up her surroundings for a minute or so. While she is carrying the flare she can still vault or climb – flares even work underwater.

To discard the flare, drop it by pressing Draw (default: Y Button). To throw the flare a longer distance, press the L + R Triggers simultaneously.

PUSHING/PULLING OBJECTS

Lara can push certain objects around and use them to operate pressure-sensitive pads. Stand in front of the object and hold down Action (default: A Button). Lara will get into her ready stance. Press the D-Button down to pull the object and press up to push it. To end this task, release Action.

LOOKING AROUND

Pressing Look (default: L Trigger) makes the camera go directly behind Lara. While holding down Look, use the Analog Thumb Pad to make Lara look around. When you release Look, the view returns to normal.

TIP: When lining Lara up for a jump, press Look to see what direction she is facing.
Press START during a game to bring up the Pause Menu, then select INVENTORY to see a list of items Lara is carrying. Use either the Analog Thumb Pad or the D-Buttons to navigate through the Inventory and press the A Button to select. Depending on the object highlighted, a menu may be displayed. For example, highlighting the crossbow presents these options:

- **EQUIP** - Arm Lara with the weapon.
- **COMBINE** - Ready the item for combination with certain other items also held in the Inventory, i.e., the laser sight.
- **CHOOSE AMMO** - Choose from the available ammunition (collected during the game) for your selected weapon.

Press START to exit the Inventory.

**MEDIPAKS**

- Using a small MediPak (when collected) will restore one-half of Lara's health and also act as a poison antidote.
- Using a large MediPak will fully restore Lara's health and also act as a poison antidote.

Beware: some enemies will poison Lara. In that case, her health bar will appear and begin flashing yellow, decreasing as it flashes. Use either a small or large MediPak as an antidote before Lara's health bar disappears.

---

**SAVE GAME**

To save the game at any point, display the Inventory and select **SAVE GAME**. Select a Visual Memory Unit (VMU) and slot and press the A Button. Your Save Game will be automatically named. There are a total of five Save Game files; if the VMU is full you may select a previously used file to overwrite.

Note: While saving a game file, never turn OFF the Sega Dreamcast power, remove the VMU or disconnect the controller.

**LOAD GAME**

To load a previously saved game, display the Inventory and select **Load Game**. Then select the game you want to load.

EIDOS INTERACTIVE LIMITED WARRANTY

EIDOS Interactive warrants to the original purchaser that this EIDOS interactive disc is free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. This EIDOS Interactive disc is sold “as is” without expressed or implied warranty of any kind, and EIDOS Interactive is not liable for any losses or damages of any kind resulting from use of this program. EIDOS Interactive agrees for a period of ninety (90) days to either repair or replace, at its option, free of charge, any EIDOS Interactive disc, postage paid, with proof of date of purchase, at its Factory Service Center.

This limited warranty is not applicable to normal wear and tear. This limited warranty shall not be applicable and shall be void if the defect in the EIDOS Interactive disc has arisen through abuse, unreasonable use, mistreatment or neglect. This limited warranty is in lieu of all other warranties and no other representations or claims of any nature shall be binding on or obligate EIDOS Interactive. Any implied warranties of merchantability and fitness for a particular purpose are limited to the ninety (90) day period described above. In no event will EIDOS Interactive be liable for any special, incidental or consequential damages resulting from possession, use or malfunction of this disc.

Some states do not allow limitation as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages, so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

For warranty support please contact our Customer Support department at (415) 547-1244. Our staff is available Monday through Friday, 9:00 am to 5:00 pm Pacific Time. You are responsible for all toll charges. Please note Customer Support Representatives will not provide game hints, strategies or codes. If you need assistance with game play, hints or strategies, please call the EIDOS Interactive Hint Line at (900) 773-4367. The cost of the call is $0.99/minute. You must be 18 years or have a Parent’s Permission. A touch-tone telephone is required.
